RE: Ex-Parte Notice - CG Docket Nos. 03-123 and 10-51

Dear Ms. Dortch,

myVRS Relay Central LLC wants to express its own opinion how to improve the VRS for the next century. I had developed my own presentation to give the idea how the system should operate.

Under the point of view, I would also suggest that FCC to concern to enforce new improvement and upgrades to ensure that VRS will be still strong and secure for everyone of us to have benefit of using accessible of communication.

Therefore, I hope FCC will learn something from this presentation because VRS is very important for all of us, this is the reason I developed a website called myVRS Relay Central to provide up to date news, complaints, all news in American Sign Language and many more that would bring deaf customers just like me to understand better about the VRS industry.

Respectfully submitted,

Certificated VRS Providers:

- American VRS
- AT&T VRS
- LifeLinks VRS
- SnapVRS
- Sorenson VRS
- Sprint VRS
- ZVRS

Proposed FCC Tiered Rate:

One flat payment of \$5.95 will be paid per minute by NECA to the certificated VRS providers only.

This plan will ensure smooth and less waste and better focus on VRS market.

my RELAY CENTRAL

Reduce Fraudulent calls

The new proposed will allow NECA to process the payment up to 60 days from 45 days to give more time to complete the minutes report to prevent more fraud minutes.

Re-Certificated VRS Interpreters

All certificated VRS providers shall re-evaluate all interpreters to ensure they meet RID requirements and being certificated to continue the VRS interpreting.

The interpreters shall know customers are in the control during the call 24x7x365.

New Improved FCC Policy

- 10 Digit Porting
- Customer Rights
- VP Equipment
- VRS Providers Reports

The logo for the Federal Communications Commission (FCC). It features the letters "FCC" in a bold, uppercase sans-serif font, positioned to the left of a circular emblem containing concentric circles.

10 Digit Porting Requirements

Stated from FCC's website that all VRS Providers **MUST** complete the porting within 1-4 business days. Unfortunately, most providers are taking more than 30-60 days to complete the porting request.

VRS Shall know customers owns the 10 digit phone number not the VRS providers.
